NEW BOTOX FOR CURLY HAIR

Curl Botox is an innovative hair care product specially created for curly hair. It's an ideal solution both for people who have undergone permanent wave treatments and for those whose hair curls naturally. This unique botox works in multiple ways, providing comprehensive care and nourishment for curly hair.

Main benefits of the Curl Botox FORM me UP treatment:

Reconstruction and hydration: This product intensively regenerates the structure of curly hair, repairing damage that can occur as a result of chemical treatments or exposure to atmospheric factors. Additionally, it effectively moisturizes the hair, making it soft and silky.

Flexibility: Curl Botox, thanks to its special polymer technology, strengthens the elasticity of curly hair. As a result, it becomes more resistant to mechanical damage, such as split ends or brittleness.

Elimination of frizz: A common issue for many people with curly hair is frizz. Curl Botox, with its content of natural emollients and humectants, effectively eliminates this problem, leaving hair smooth and defined.

Vitality and bounce: Curl Botox gives curly hair new energy and vitality. Curly hair becomes more lively, gaining natural bounce and volume.

Thanks to regular use of the Curl Botox treatment, along with dedicated home care and styling, curly hair will look healthy and impressive.

Curl Botox is available in 2 variants:

LARGE SET

Botox 1000 g + Acidifying Mask 300 g

SMALL SET

Botox 500 g + Acidifying Mask 300 g

METHOD OF USE:

- Thoroughly wash your hair with any shampoo to best cleanse the hair of built-up cosmetics and impurities, which will allow for a stronger penetration of Curl Botox into the hair. You can use a clarifying shampoo
- Drain excess moisture from your hair with a soft towel. Apply Curl Botox to hair divided into strands, about 1-2 cm from the scalp. Comb through the strands to evenly distribute the product.
- You can pin up your hair and put on a plastic cap, which will additionally strengthen the action of the product. You can use a sauna or a hair steamer.
- Leave the product in your hair for 20 to 40 minutes (the worse the condition and the thicker the hair, the longer the application time should be).
- After the processing time, thoroughly rinse your hair with lukewarm water.
- Apply the FORM me UP Neutralizing Mask, leave it on for 5 to 10 minutes, and then rinse thoroughly.
- Dry your hair and style your curls using a diffuser or as desired.
- If you want to style your hair straight, you can use a straightener, but it's not necessary.

POST-TREATMENT CARE

The first hair wash should occur no earlier than 48 hours after the treatment. During this time, it's also advisable to avoid getting them wet.

It is crucial to use hair care products without strong detergents.

The safest option is to use products from the post-treatment FORM me UP line dedicated to curly hair, specially formulated recipes that allow for optimal maintenance of the treatment's effects and provide proper care for curly hair.
